

News to Use

We make it happen by putting you first.

Things are Happening!

There are lots of things happening at the Frank Jenkins Law Office, and I'm excited to tell you about it!

Starting in 2009 you'll see new TV commercials. William Shatner will be replaced with "yours truly", so that will be quite a change.

We have new toll-free phone numbers that we hope will be even easier to remember when you need to call us. You'll start to see these numbers in our TV commercials and on our new pens and greeting cards and a variety of other printed items. (If you would like a new pen, or some business cards to pass out, just call and we'll send you some.)

The new numbers are:
1-800 CAR WRECK

1-800 WORKERS (We have had this one awhile)

1-800 OUR LAWYER

Also our new website, is up and running at www.frankjenkinslaw.com. Check it out, and let us know what you

think. It has a lot of information on it, and several ways you can contact us. (We're adding the new TV commercials to the website so you can check them out soon.)

We're also proud to announce our new slogan, which you'll see on our commercials and printed materials:
We make it happen by putting you first.

I thought this summed up our law firm well, because it combines "results" with "you". We always want to put you the client first. By doing that and working our hardest, we get you the results you need.

Come by and see us or call and let us know how you're doing. If you need a lawyer, or you know someone who does, we want to talk to you!
